WORK EXPERIENCE

Elife Center | DevOps Intern

October -November 2024

Key responsibilities:

- Collaborated with development teams to manage source code with Git and GitHub.
- Created and managed reproducible development environments using Vagrant.
- Managed project artifacts and dependencies with Nexus, optimizing version management.
- Implemented CI/CD pipelines with Jenkins.
- Conducted code analysis with SonarQube, improving code quality by detecting 35% more vulnerabilities pre-deployment.
- Managed Docker containers for microservices.
- Used Docker Compose for multi-container orchestration, reducing environment setup time by 15%.
- Monitored system and application metrics with Prometheus, creating interactive dashboards via Grafana, reducing performance incidents by 30%.

Go My Code | Deputy Hackerspace Manager

Januray 2023- June 2023

Key responsibilities:

- Ensure the success and smooth running of daily operations.
- Recruitment of instructors and team members.
- Guarantee the smooth running of the student's integration and the instructor.
- Advise and listen to the student's training plan by asking the good questions.
- Understand their needs and offer them Go My Code training which best meets their expectations.
- Provide after-sales service by working with different departments to find solutions to student complaints.
- Ensure customer meetings, customer reminders by email and phone and renewal of registrations.

GOMYCODE | Web Developer intern

July-September 2021

Key responsibilities:

- Project Labphase with GOMYCODE: The creation of a CONTACT APP website using the MERN stack.
- This application aims to handle a list of contacts enabling functionalities like creating, adding, editing, and deleting contacts. Additionally, it facilitates searching for individuals by their names.
- MongoDb, Express,ReactJs,Redux,NodeJs,React Bootstrap

EDUCATION

GoMyCode
FULLSTACK JavaScript Dev **Training** completed in   **February -June 2021**
Elife Beja
Software Development **Training** completed in   **January-July 2021**
Institut Superieur des Etudes Technologiques de Beja
Bachelor's Degree in Web Development and Multimedia. **September 2012-January 2018**

CERTIFICATIONS

DevOps Foundation Professional Certification (DEPC)
Awarded by CertiProf – December 26, 2024
